All programs participate in professional quality performances, but no dance student is required to perform. Each discipline offers multiple levels of classes based on the skill level of the student.

**ABOUT THEATRE** (2nd - 12th Grade)

MoCo's diverse Theatre program offers students opportunities to participate in musicals, straight plays, and workshops.

Each Musical Theatre and Play class culminates in a fully produced performance. All students are cast in a role and then work together to put on the production. Theatre workshops give students the opportunity to explore improv and technical theatre.
